

NATION DEFENSE INITIATIVE

FAITH. FITNESS. FREEDOM

To: Department of Defense, U.S. Military Branches, ROTC Programs, and Military Recruitment Leaders
From: Never Surrender USA
Subject: Partnership Opportunity – Recruiting America's Next Generation Through Patriotism, Fitness, and Freedom

Overview

Never Surrender USA is more than an event series. It's a grassroots movement. We are mobilizing young Americans around timeless principles: Faith. Fitness. Health. Freedom. In a time when institutions are losing trust and purpose feels scarce, our mission is to build stronger bodies, minds, and spirits, all while reigniting the American flame.

Who We Attract

Our events naturally draw a highly valuable demographic:

- Patriotic Gen Z and Millennial Americans
- High-performers with strong interest in fitness, personal discipline, and national service
- Spiritually grounded, physically capable, and values-driven individuals
- Students looking for purpose, community, and a cause worth fighting for

Why This Matters to the Military

Never Surrender USA provides a cultural and physical pipeline for military recruitment:

- Shared values: We honor discipline, self-sacrifice, leadership, and patriotism, all pillars of military service.
- Fitness-first: Our physical challenges prepare participants for the mental and physical demands of military life.
- Community-building: We foster in-person camaraderie and leadership, exactly the kind of tribe the military thrives on.
- Cultural momentum: We are creating a cultural shift where service is honorable, masculinity and femininity are strengths, and the flag means something again.

Strategic Opportunity

By aligning with Never Surrender USA, military branches can:

- Tap into a pre-qualified audience who are mission-ready in mind and body.
- Host ROTC-friendly challenges and recruitment activations at our events.
- Increase enlistment interest among America's top college-age prospects.
- Build long-term affinity for the military as a force for good.

Call to Action

We invite you to explore a strategic partnership with Never Surrender USA. Let's work together to build the next generation of American warriors, ones who are already living by a code of service, strength, and sacrifice.
